

DigiLocal Platform

Complete Features Specification & Strategic Product Roadmap

Target Ecosystem: Hyperlocal Society & Vendor Commerce **Document Version:** 2.2 (September 2026)

PART 1: Current Live & Implemented Features

1. Resident Web Ordering Portal

- **Customer Web Storefront:** Browser-based portal for society residents to discover nearby vendors.
- **Society Catalog View:** Filtered product view by residential society location and stock status.
- **Instant Ordering:** 1-click cart checkout with apartment block & flat address details.

2. Native SMS OTP Authentication

- **MSG91 / Native 6-Digit SMS:** Secure numeric OTP authentication for login and registration.
- **Phone Registration Pre-Check:** Instant validation of account existence before OTP dispatch.
- **Society Binding & KYC:** Auto-link vendors to residential societies with document re-submission flow.

3. Digital Store & Catalog Control

- **Digital Storefront:** Custom merchant profile with shop logo, banner, and business details.
- **Real-Time Inventory:** Instant product toggle for In Stock / Out of Stock availability.
- **Multi-Unit Pricing:** Supports pricing by weight (kg, gm), volume (L, ml), and count (piece, dozen, packet).

4. Order Alert & Swiggy/Zomato Alarm

- **Continuous Ringing Overlay:** High-priority full-screen alert popup with continuous looping sound chime until accepted.
- **Dual Delivery Channel:** FCM Push Notifications (background) + Socket.io WebSockets (foreground).
- **Order Status Flow:** New → Accepted → Preparing → Out for Delivery → Delivered.

5. Earnings & Automated Payouts

- **Live Metrics Dashboard:** Real-time tracking of daily sales, completed orders, and lifetime gross revenue.
- **Bank & UPI Integration:** Direct account verification for automated and manual settlement requests.
- **Transaction Audit Logs:** Detailed commission, delivery fee, and net payout breakdown.

6. Local Service Provider Directory

- **Neighborhood Services:** Directory for Electricians, Plumbers, Maids, AC Repair, Carpenters, Painters.
- **Service Profiles:** Ratings, experience, job pricing rates, working hours, and work portfolio photos.
- **Direct Booking:** Send instant service inquiries or call local specialists directly.

7. Digital Marketing & Store Utilities

- **Digital Visiting Card Generator:** Instant creation of shareable store cards with QR code and business details.
- **WhatsApp Broadcasting:** 1-tap sharing of digital catalog links to society WhatsApp groups.
- **Support Ticket Hub:** In-app ticket resolution for vendor queries regarding payouts, orders, and technical support.

PART 2: Upcoming & Planned Features (Roadmap)

1. Resident Mobile App & GatePass

- **Native Resident App (iOS/Android):** Dedicated mobile app complementing the web portal with saved addresses and 1-tap checkout.
- **GatePass Integration:** Auto-generating gate entry passes integrated with MyGate / NoBrokerHood.

2. Live GPS Delivery & Fleet App

- **Live GPS Map Tracking:** Real-time map tracking for residents from store pickup to apartment delivery.
- **Delivery Boy Companion App:** Route navigation, order batching, and delivery OTP verification for staff.

3. Recurring Delivery Subscriptions

- **Daily Essentials Subscriptions:** Automated recurring delivery for fresh milk, daily bread, and groceries.
- **Vacation Pause Mode:** 1-tap pause, quantity modification, or date skipping for residents.

4. Digital Wallet & "Khatta" Ledger

- **In-App DigiLocal Wallet:** 1-click checkout, instant refund processing, and cashback rewards.
- **Society Credit Ledger ("Khatta"):** Digital monthly tab billing offered by trusted neighborhood merchants.

5. AI Inventory & Flash Sales

- **Predictive Reorder Alerts:** AI notifications when high-demand daily items are running low.
- **Tower Flash Sales:** Time-sensitive discounts targeted exclusively at specific residential towers.

6. Voice Commerce & WhatsApp CRM

- **Multilingual Voice Commands:** Hands-free voice assistant in Hindi & regional languages for store updates.
- **Automated WhatsApp Marketing:** Broadcast promotional banners & stock updates to society groups.
